

Common Spelling Error Categories & Patterns:

1. Merged Words (Missing Spaces)

These errors occur when two separate words are written together without the proper intervening space.

- **babygirl dress** → *baby girl dress*
- **highneck t shirt** → *high neck t shirt*
- **officeshoes for men** → *office shoes for men*
- **clearheels** → *clear heels*
- **campusladies shoes** → *campus ladies shoes*
- **heelswoman** → *heels woman*

Note: Although this also appears in other contexts, its primary issue is the missing space.

2. Word Splitting (Incorrect Space Insertion)

Errors in this category involve extra spaces inserted inside a word where they do not belong.

- **kurta se ts** → *kurta sets*
- **m en wallet** → *men wallet*
- **powe r shoes** → *power shoes*
- **roadste r shirts** → *roadster shirts*
- **asics shoes me n** → *asics shoes men*
- **shirt for men s** → *shirt for men*

Rationale: The extra space before the "s" in "men s" fragments the word and is better classified as an incorrect space insertion.

3. Character Repetition (Extra Letters)

These are cases where an extra letter is unintentionally repeated.

- **sweeatshirts for men** → *sweatshirts for men*
- **formal pannt for men** → *formal pant for men*
- **sunglasses for men** → *sunglasses for men*
- **bllackberrys for men** → *blackberrys for men*
- **jorrdan shoe** → *jordan shoe*
- **baby girls toops** → *baby girls tops*

Rationale: The extra letter in "toops" compared to "tops" is a clear case of repetition.

4. Character Omission (Missing Letters)

These errors occur when one or more letters are accidentally omitted.

- **le cooper for men** → *lee cooper for men*
- **lack gown** → *black gown*
- **sho piece** → *show piece*
- **alensolly shirt** → *allen solly shirt*

- **chinese ollar** → *chinese collar*
-

5. Character Substitution (Wrong Letter Typed)

Mistakes in this category involve typing the wrong letter (often due to key adjacency or phonetic similarity).

- **hoses men** → *shoes men*
- **lehenba choli** → *lehenga choli*
- **ryre rose** → *rare rose*
- **bym vest** → *gym vest*
- **frocks birls** → *frocks girls*
- **embroirered top** → *embroidered top*
- **ekbroidered kurha** → *embroidered kurta*
- **mufiar** → *muffler*
- **kurthiez for women** → *kurties for women*

Rationale: The error in "kurthiez" is due to incorrect substitution of letters rather than solely a suffix issue.

6. Abbreviations/Truncations/Short Forms

This category covers informal or shortened versions of words.

- **watches fr men** → *watches for men*
- **ssho** → *shoes*
- **tshirh** (from *oversized for men tshirh*) → *tshirt* (or *oversized for men t shirt*)
- **pajam f women** → *pajama for women*
- **me** (from *black track pants for me*) → *men*

Rationale: The intended word "men" is abbreviated to "me".

7. Incorrect Suffixes/Plurals/Grammar

Typically, these errors involve the misuse of word endings or grammatical inflections.

Note: The following examples were reclassified into other categories due to the presence of multiple error types:

- **formal shiets for mens** → *formal shirts for men*
Reclassified as Severe/Multiple Errors Combined due to both a character substitution error ("shiets" → "shirts") and an extra character in the plural ("mens" → "men").
- **shirt for men s**
Reclassified as Word Splitting (Incorrect Space Insertion) because the trailing "s" is wrongly separated from "men".
- **baby girls toops**
Reclassified under Character Repetition for the extra "o" in "toops".
- **kurthiez for women**
Reclassified under Character Substitution because of the incorrect letter combination.

(Thus, no examples remain exclusively in this category after reclassification.)

8. Apostrophe Errors

These errors involve missing or misplaced apostrophes, often in branded queries.

- **levi shirt for men** → *levi's shirt for men*
- **lev i tshirt for women** → *levi's tshirt for women*

9. Severe/Multiple Errors Combined

These queries involve more than one type of error or significant deviations.

- **f.wts** → *footwear*
 - **dvt** → *dresses*
 - **ggogals** → *goggles*
 - **zleper** → *sleeper*
 - **psllazo** → *palazzo*
 - **formal shiets for mens** → *formal shirts for men*
Rationale: Contains a substitution error in "shiets" along with a plural error in "mens".
-
